

**SECURE-T®**

## SECURE-T®

The **SECURE-T®** is the ideal blender bag to meet your laboratory testing and analysis needs. Available for all sizes of homogenizers, its wide bag mouth opening makes it an easy-to-use and highly appreciated solution in environments where many tests are performed.

**Carefully designed to handle the toughest homogenizers.**

## Features and benefits

- Made of extruded virgin polyethylene which guarantees internal sterility
- Wide bag opening to facilitate insertion of sample
- Suitable for all types of homogenizers
- Tear-off top that eliminates the risk of internal contamination
- Available in several sizes to meet all your needs
- RNase, DNase and pyrogen free
